

STRUCTURLAM

Intelligence In Wood

Mass timber manufacturing company requires full-time Framers for our plant in Penticton, B.C.

At Structurlam our Framers work inside at our Penticton Facility, that operates on multiple shifts. This is a supervisory union position.

- Job includes supervising and training a small group of workers.
- Framers need to be able to interpret drawings, mark out beams, and panels, as well as safely operate a variety of large saws and other tools.

Qualifications:

- Experience as a carpenter, timber framer or log builder
 - Good organizational skills
 - Team leader
