WWW.STRUCTURLAM.COM

How would you like to live in British Columbia's South Okanagan while working for one of Western Canada's most innovative manufacturing companies?

Structurlam is North America's premier manufacturer of laminated timber products and fabricator of mass timber packages. In business since 1962, we have celebrated many construction firsts including the world's tallest wood building (UBC Brock Commons in Vancouver), North America's largest wood roof (Rocky Ridge Recreation Centre in Calgary) and North America's most complex wood structure (Art Gallery of Ontario in Toronto).

Structurlam is at the forefront of the global resurgence in the structural use of wood and we are changing the way we build. This is your chance to play a key role in the movement to more sustainable construction by using the world's only renewable building material.

PROJECT MANAGER

STATUS: Full Time Permanent Position

LOCATION: Penticton, B.C.

REPORTS TO: Production Control Manager

THE ROLE: This role oversees the planning, implementation and tracking of projects from the beginning to the end, to ensure the specified deliverables are met. The Project Manager works closely with the clients to provide scheduling, production planning, shipping logistics, and project management services. Project Managers are responsible to manage expectations and ensure the best outcome for the project in terms of quality, cost, and schedule.

RESPONSIBILITIES INCLUDE:

- Oversee and manage the design, fabrication, and delivery of mass timber construction material orders from our Penticton and Okanagan Falls manufacturing facilities.
- Ensure that projects are supplied according to approved plans, specifications, and shop drawings, and that quality standards are maintained.
- Develop and maintain project schedules in conjunction with the project teams to meet milestones and completion dates.
- Lead project meetings with internal and external stakeholders to monitor and support ongoing progression of the projects.
- Provide strong leadership to team members, capitalizing on individual and group strengths to ensure project targets are achieved.
- Identify and manage opportunities and risks to achieve the best possible impact on schedule and financial targets.

- Maintain, track and report all financial aspects of projects including forecasts and billings.
- Manage the procurement process including subcontractor/trade/supplier negotiations and awards.
- Consistently deliver unmatched quality and service to Structurlam customers by minimizing delays and confusion and providing a predictable customer experience.

QUALIFICATIONS:

- Five to eight years project management experience in a manufacturing and/or construction management position.
- Completed post-secondary education in Construction, Engineering, Wood Processing or related discipline an asset.
- Certificate in Project Management is an asset.
- Comprehensive knowledge of construction documents, drawings, specifications, costs, budgets and current construction practices and methodology.
- Ability to communicate clearly and collaborate with multiple stakeholders, understand and interpret stakeholder needs.
- Capable of anticipating constructability issues in moderate to complex situations and creating new solutions in the construction plan and schedule.
- Strong negotiation skills; ability to influence and persuade others to reach consensus.
- A track record of building successful teams and promoting teamwork through motivating and coaching; skilled in facilitation, mentoring and conflict resolution.
- Have an extensive understanding of a variety of industry concepts, practices, and operating procedures.

PENTICTON, BC:

Those of us who live in Penticton consider ourselves to be among the most fortunate. If you enjoy fresh air and outdoor activities, this is one of the best places to live in North America.

Penticton has the most attractive climate of all cities in Canada. With over 2,100 hours of sunshine and only 15 inches of rain annually, Penticton has beach weather in the summer and in the winter the local mountains get great snow for winter sports.

Penticton's name means "A Place to Stay Forever". It is nestled in a valley between two lakes, and is surrounded by vineyards and orchards. At our doorstep is boating, golfing, fishing, hiking, and camping, and our ski mountain at Apex Resort is a mere 30 minute drive away.
