

SHIFT SUPERVISOR

POSITION SUMMARY

We currently have a fantastic full-time opportunity for a **Shift Supervisor** at our Penticton plant location. The Shift Supervisor directly supervises all shop employees on their particular shift.

This is your opportunity to help us grow!

KEY RESPONSIBILITIES

- Responsible for safety, quality and efficiency of all employees on their shift
- Direct Glulam Framing and Finishing teams
- Enforce operational guidelines, procedures for plant workers in the above teams
- Assist in interviewing, recruiting, training, performance evaluation, promotion and termination activities
- Maintain/promote a clean, safe and organized facility
- Generate operational reports for management as needed
- Ensure proper shift to shift communication and handover
- Provide coverage for Plant manager vacation
- Help us promote a culture of care where Health, Safety is #1
- Model effective communication, leadership and partnership with the plants
- Continuously grow and develop your operational knowledge and leadership capabilities by participating in professional development opportunities
- Alignment with Structurlam's values of safety, respect, quality, integrity, open communication and profit

Those of us who live in the Southern Okanagan area of British Columbia consider ourselves to be among the most fortunate. If you enjoy fresh air and outdoor activities, this is one of the best places to live in North America.

If you are ready to be part of changing the way we build in North America and bridging the divide between product and process in the construction industry, please send your resume to:
