

**A**re you ready to be part of changing the way we build in North America? How would you like to live in British Columbia's South Okanagan while working for one of Western Canada's most innovative manufacturing companies?

Structurlam is at the forefront of the global resurgence in the structural use of wood and changing the way we build. This is your chance to play a key role in the movement to more sustainable construction by using the world's only renewable building material.

**We currently have multiple full-time opportunities for Woodworking Production Workers in our locations across the South Okanagan, in British Columbia (Penticton, Okanagan Falls and Oliver).**

#### THE ROLE:

Reporting to the plant manager the successful candidate will possess previous experience in a manufacturing environment, knowledge in the woodworking industry, including carpentry/framing skills; an understanding of blueprints would be a definite asset. Other valuable skills include experience in line production, equipment operations and leadership supervisory skills. Shift work, including weekends will be required.

#### WHAT YOU BRING:

- Commitment to working safely coupled with strong communication & interpersonal skills
- Able to work both independently and in a team environment
- Strong problem-solving skills
- A desire to continuously grow and develop your operational knowledge and leadership capabilities by participating in professional development opportunities
- Alignment with Structurlam's values of safety, teamwork, agility, sustainability, and innovation.
- Grade 12 education or equivalency
- Reliable transportation

#### WHAT WE OFFER:

- An unwavering commitment to your personal safety
- Competitive pay and exceptional benefits
- Training and development to ensure you work successfully and safely
- The opportunity to work with the best and brightest in the industry
- Diverse opportunities to grow within the organization
- An open, innovative culture along with a positive, dynamic work environment
